SUMMARY

Dedicated Frontend Developer with a strong foundation in HTML, CSS, JavaScript, and modern frameworks like React and Tailwind CSS. Experienced in building dynamic web applications like job portals, e-commerce platforms, and fitness trackers. Passionate about learning and delivering responsive, high-quality websites. Seeking to contribute and grow in a collaborative environment.

PROJECTS

E-commerce Fashion and Apparel Store

[View Source Code](#)

- Developed a comprehensive E-commerce website using React and Tailwind CSS.
- Implemented key features such as product listings, detailed product pages, pagination, filters, search, and a dynamic shopping cart using Redux for state management.
- Added a user-friendly checkout process with order confirmation.
- Included the ability to toggle between light and dark themes for an enhanced user experience.

Job Portal

[View Source Code](#)

- Developed a user-friendly job portal using React and Tailwind CSS.
- Features a modern and responsive interface, enabling users to search for job listings and apply directly.
- Integrated login/logout functionality for a secure user experience.

Fitness Tracker

[View Source Code](#)

- Developed a fitness tracking application using React and Redux, allowing users to register, log in, and track their exercises.
 - Implemented features for adding, viewing, and deleting exercises.
-
