Profile

Aspiring web developer with a strong foundation in HTML, CSS, Bootstrap, and JavaScript. Eager to contribute creativity and technical skills to create engaging and user-friendly websites.

Projects

PERSONAL PORTFOLIO WEBSITE

- Created a personal portfolio website using HTML, CSS, Bootstrap and JavaScript.
- Showcased projects, skills, and contact information.
- Implemented responsive design for optimal viewing on various devices.

COMPREHENSIVE GYM WEBSITE

- Designed and built "GetLean Gym," a comprehensive website featuring class schedules, trainer profiles, facility descriptions, and membership plans.
- Employed HTML, CSS, Bootstrap, and JavaScript to deliver a user-friendly gym website interface.

INTERACTIVE WEB APPLICATIONS

- Created JavaScript projects including Tic Tac Toe, Calculator, and Stopwatch, demonstrating proficiency in building interactive web applications..
